This Memorial Day was a particularly sad day for many of us in the Gifford Park area — for that was the day we lost Farol Hendershot. As many of you know, Farol was diagnosed with lung cancer and subsequently endured chemotherapy. She died at home on May 25th, in the early morning hours.

Farol, and her husband, Ed, have been very active in the Neighborhood Association. They were always available to help with garage sales and cleanups, and have attended many monthly meetings. Since Ed and Farol live near the park, they often provided coffee and bathroom facilities for those helping with functions held in the park. In addition, Ed has arranged for the Halloween pumpkins that are given away and has served on several committees.

Farol, age 64, is survived by her husband, Ed; her sons, James (Butch), Tim, and Daniel; her daughter, Cheryl Svendgard; her 12 grandchildren; her mother, Grace Danielson; and her sisters, Alvarine Shrum, Mardell Plunkett, and Beverly Alger. Farol has lived in this area most of her life, attending Yates School and Technical High School.

Farol was always a quiet person with gentle ways and a kind heart. She will be sorely missed.

“THINK BLUE”

“Think Blue, it’s time to renew.” If the envelope in which you received this month’s issue of the PRIDE has a blue dot, your membership in GPNA is about to expire. During the upcoming year, your membership dues will host a variety of worthwhile community projects. In addition to financing this fine newsletter, sponsoring several seasonal events, and continuing with our award winning Neighborhood Watch Program, new and exciting projects are in the works. Just recently, at our May general meeting, we bought a bicycle for the Omaha Police Department’s new Bike Patrol. So join today, give us your ideas to improve this area. Stop by the first Thursday of every month at St. Joseph’s Hospital, kick your shoes off, have a cup of coffee, and know, deep down, that YOU ARE making a great difference in this neighborhood. Remember, that your ideas are only limited by your imagination, hard work, and dedication.

The Nominating Committee presented its report at the May meeting, and the proposed slate of officers will now go to the Association at the June meeting for a vote. Please see the NOMINATING COMMITTEE REPORT elsewhere in this month’s PRIDE for a list of the committee’s nominees.

In addition, at the June meeting the VIP (Volunteer Incentive Program) presentations will be made. A number of GPNA members will be honored for their service to the Association and the community this past year. These modest tributes are merely public acknowledgements that their work does not go unnoticed.

This year, we are initiating a new classification as part of the VIP presentations. The “NOVA AWARD” will be presented for “Neighborhood Outstanding Volunteer Achievement,” and like the name implies, the recipient of a “NOVA” is a STAR who shines brighter than most.

Volunteers who consistently display a willingness and enthusiasm to forge ahead and perform their duties in an exceptional manner, are a commodity that needs to be recognized, and nurtured. They are the backbone of any organization.

Finally, the Gifford Park Neighborhood Association is sincerely appreciative of the tremendous support this community has exhibited. When this endeavor began, there was the sense that our neighbors deserved a safer, cleaner, and friendlier place to call home. Together we have taken giant leaps toward that end.

THE WATCH GROUP

It's nice and warm out now, and the Watch Group is still riding around in their vehicles. Why? Are they getting lazy? Are they afraid of walking the streets? What's wrong?

The fact of the matter is, our neighborhood has been fairly stable for the past year. Many of the people who came out on walks before, are under the impression that the job is done, and they can relax. The biggest miscalculation a person can make now a days, is to let their guard down.

Unfortunately, the few who are still involved with the Watch Group on a regular basis don't meet the minimum number of people required for us to SAFELY walk. In accordance with the GPNA Watch Group rules, no less than six people may walk; otherwise, they must be in a vehicle, or cancel the watch for that night.

For the past year the shifts have been uneventful. Nevertheless, one of the reasons for the lack of problems on Watch is because we are out there every weekend. We let this committee dissolve, and sure enough, in a couple of months we'll be dealing with the same problems we had two and a half years ago.

The success of the past two years has proven the effectiveness of the GPNA Watch Group. The Kiewit Grant, and the Community Safety Award presented to us this year, affirms the worthiness of having this committee. It is up to all of us to support it, and participate as frequently as possible.

It's nice and warm out. Take a walk with us and see how nice it is to stroll through your neighborhood now. Bring your spouse, or a significant other. You won't regret it. For more information on the GPNA Watch Group, call Ron Yates at 558-6027.

THE SHOWAGON'S COMING AGAIN!

The Showagon, an evening of dancing, singing, baton twirling, gymnastics, and what-have-you, will return to Gifford Park June 23rd at 7 p.m.

If you have attended one of the past Showagons in the park, you know how much fun it is to go on down to the park and watch some of Omaha's finest up-and-coming performers.

Set the date and time on your calendar, and plan to attend.
